LIST OF AVAILABLE PROJECTS

Digital Transformation Journey 2025

Participating organizations in the Digital Transformation Journey may implement up to 3 of the following projects. Each project will be selected according to the nonprofit's specific needs, as identified during the Digital Assessment and Roadmap phase.

IT Infrastructure & Cybersecurity

- M365 Cybersecurity: Settings in Admin Panel
- InTune Setup
- Azure Setup and Cost Management
- IT Policies Development
- M365 Admin Training

Productivity & Collaboration

- Email migration toM365
- File migration to SharePoint
- Teams & Planner Setup
- SharePoint Intranet Development
- Staff Training: M365Onboarding/Teams/SharePoint etc.

Process Optimization & Automations

- Automated document or request approval
- Automated document generation (e.g. certificates based on Forms entries)
- Automated extracting information, e.g. From PDF to Excel (such as invoice data)

Data Analytics

- Data Mapping & Cleaning
- Developing Power BI dashboard
- Power BI live training

We could offer also **Website development** and other custom services upon request. All organizations will get **Artificial Intelligence** and **Change Management** training.
